Noninvasive Natural Melting Thread Lifting THESERA L

<p>Features</p>	<ol style="list-style-type: none"> 1. Safe lifting with natural thread, not with artificial PDO thread 2. TDN technology: Absorbing melting thread in the skin without needles 3. 5 lifting steps for professionals 4. Instant and long-term lifting effect 	
<p>TDN tunneling</p> 	<p>◎ Epidermis Balance Foam</p> <p>- Volume : 20ml - Main ingredients: Glycolic acid, Lycium barbarum extract, blueberry extract, Asian coconut palm extract</p>	<p>◎ Dermis Balance Peelenser</p> <p>- Volume : 2ml*4ea - Main ingredients: Glycolic acid, lactic acid, salicylic acid</p>
<p>Tunneling with TDN technology- Eliminating sebum and wastes from epidermal layer and helps normalize cell turnover. TDN complex acids make helps active ingredients absorb into the skinn.</p> 		
<p>Absorbing nano thread</p> 	<p>◎ High Tension Serum & High Tension String</p> <p>- Volume : Serum 3ml*4ea, String 0.04g*4ea - Main ingredients: Niacinamide, adenosine, fibroin, chitosan</p> <p>Natural thread melting in the Serum firmstheskin whiledissolving in the skin.</p>	
<p>◎ Melting thread</p> <p>- Main ingredient : Chitosan (D-glucosamine) Chitosan consisted of similar amino acid combination in the body is excellent in healing wounds. Therefore, it doesn't irritate the skin.</p> <p>- Fibroin: With sericin, fibroin is one of composition of collagen protein. Collagen consists of 70~80% of insoluble fibroin, 20~30% of water-soluble sericin.</p> <p>- Chitosan thread is insoluble. As fiber is divided into nano-size and turns into gel, then it is absorbed in the skin.</p> 		

Noninvasive Natural Melting Thread Lifting THESERA L

Principles of melting thread

1. Mechanical action – After thread is absorbed, fibroblasts are twisted and multiply.
2. Physical action – Transparent gel-like thread slowly dissolves and pulls tissues.
3. Chemical action – Dissolved peptide is absorbed. (Similar to amino acids in the skin)

Circulation & absorption

Hydra Booster

- Volume : 20ml
- Main ingredients: Sodium hyaluronate, Acetyl Hexa peptide-8, allantoin

Plant extracts for cooling skin promote circulation and help the skin absorb and hold more thread. Plus, intensive moisturizing factor calms the skin.

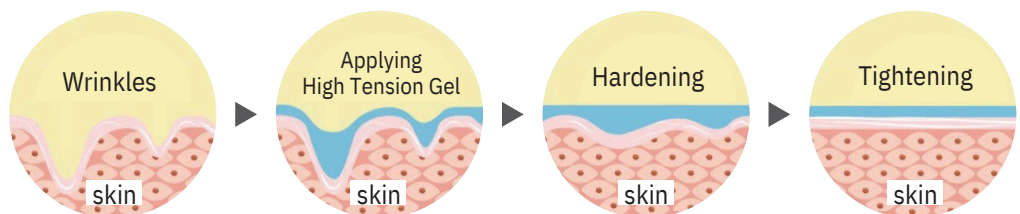

Tightening

High Tension Gel

- Volume : 5ml*4ea
- Main ingredients: Copper tripeptide-1, allantoin, glycyrrhiza extract, Centella asiatica extract, green tea extract

Vitalizing sagging skin, High Tension Gel enhances resilience and facial contour.

Nourishing

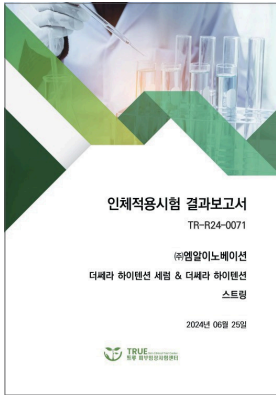

High Tension Ampoule

- Volume: 12ml
- Main ingredients : Soy bean peptide, niacinamide, adenosine, glycyrrhiza extract, Centella asiatica extract, Copper tripeptide-1

Peptide complex minimizes wrinkles and 9 natural extracts and 4 natural oil nourish the skin.

Test for Human Application and Effectiveness for the skin of THESERA L

Conclusion: 'THESERA High Tension Serum & High Tension String' are considered products that help improve wrinkles(depth, area, number, length) by area (forehead, between the eyebrows, around the eyes, nasolabial folds, neck) after 4 weeks of use.

Human application test on improving wrinkles(depth,area, number, length)by area(forehead, between the eyebrows, around the eyes,nasolabial folds, neck)after 4 weeks of use of 'THESERA High Tension Serum & High Tension String'

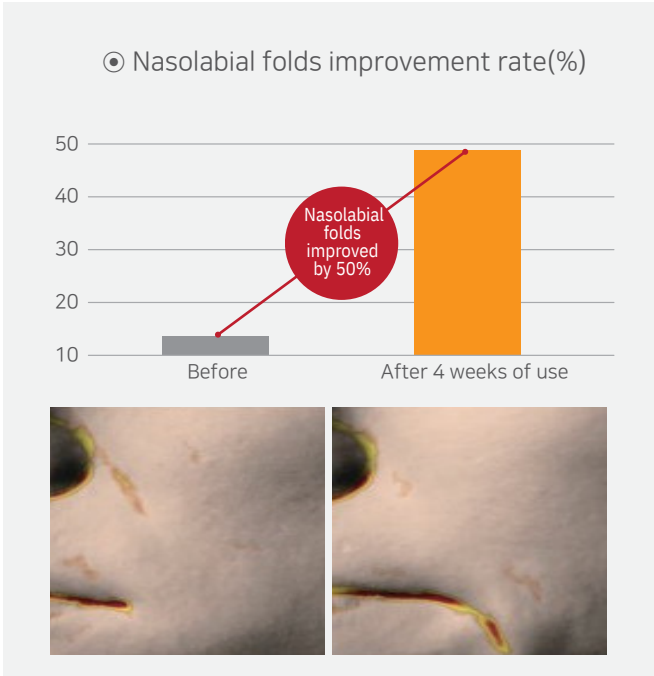

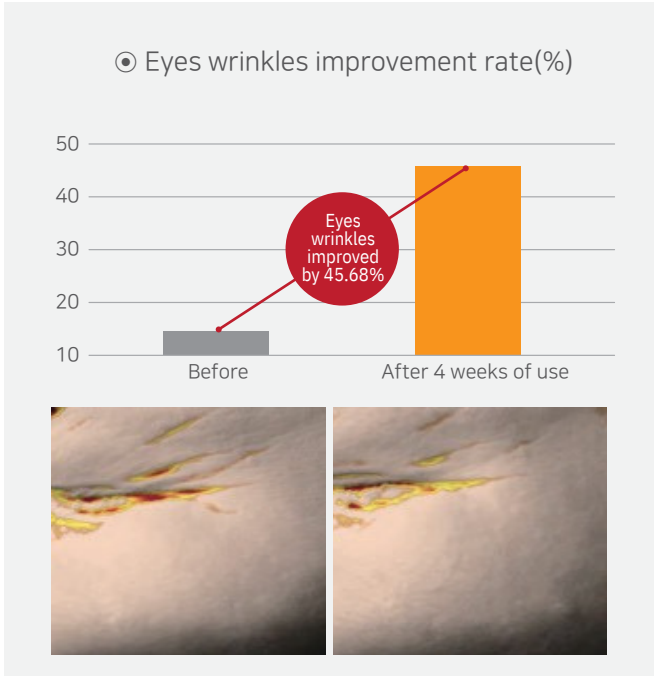

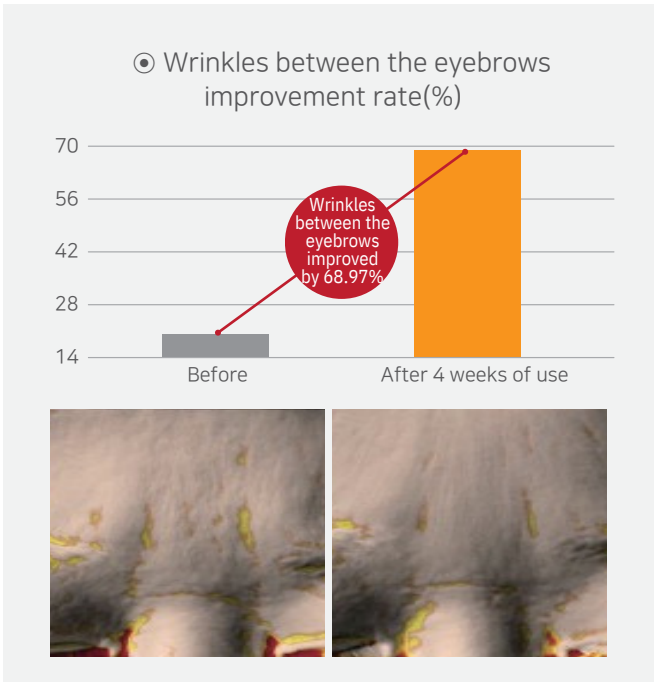

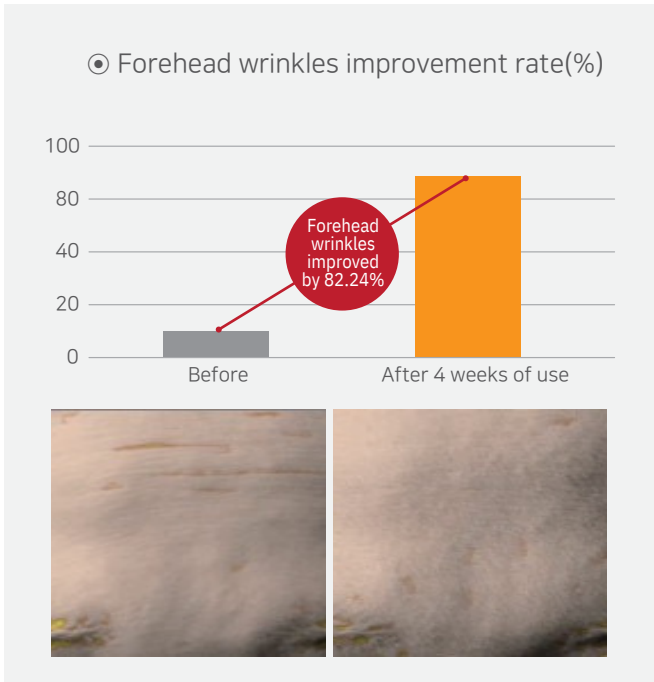

Product name: THESERA High Tension Serum & High Tension String

Testing institution: TRUE Skin Clinical Trial Center Co., Ltd.

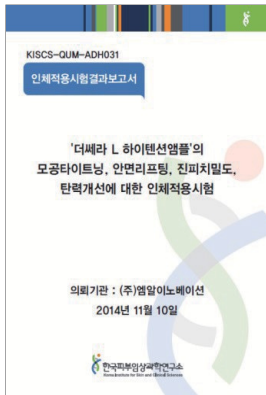

Test subjects: 20 adult women aged 19-59 years

Test period: May 14th, 2024 ~ June 11th, 2024

Application method: Apply twice a day (morning and evening) for 4 weeks

Test for Human Application and Effectiveness for the skin of THESERA L

Conclusion: 'THESERA High Tension Ampoule' is considered a product that is effective in pore tightening, facial lifting, enhancing dermal density and resilience.

Test title: Human application test on improving pore tightening, facial lifting, enhancing dermal density and resilience of 'THESERA High Tension Ampoule'

Product name: THESERA High Tension Ampoule

Testing institution: Korea Institute of Dermatological Sciences

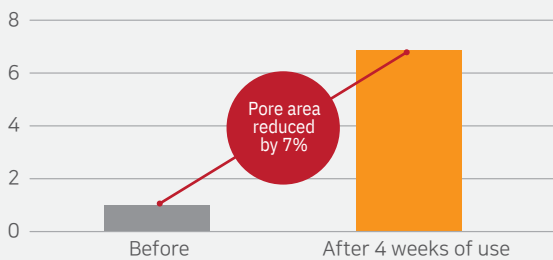

Test subjects: 22 adult women aged 20 years or older

Test period: September 11th, 2014 ~ November 10th, 2014

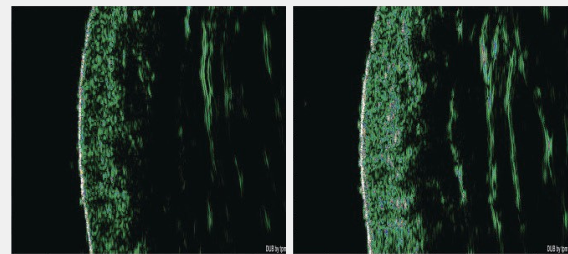

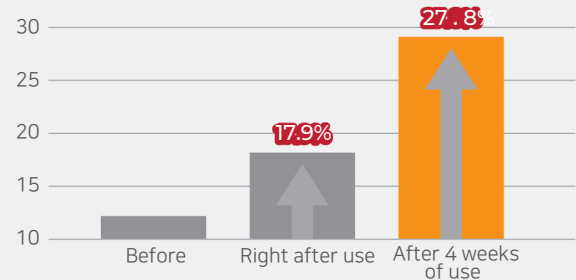

Application method: Apply twice a day (morning and evening) for 4 weeks.

THESERA Lifting Massage

*Refer to THESERA L treatment video

- **What is lifting massage?** It is the technique helping absorption of cosmetics and skin lifting. Lifting massage improves facial contour and skin resilience by relaxing stiffened muscles.
- **Effects**
 - 1.Improves facial contouring
 - 2.Improves blood and lymph circulation
 - 3.Improves absorption of other products
- **Directions :** Please view video for demonstration

 <p>01 THESERA</p>	 <p>02 THESERA</p>	 <p>03 THESERA</p>
<p>Sweep up the neck with both hands alternately.</p>	<p>Pull jaw line with a hand and sweep the skin up with the other hand.</p>	<p>Pull cheekbone and sweep the skin up with the other hand.</p>
 <p>04 THESERA</p>	 <p>05 THESERA</p>	 <p>06 THESERA</p>
<p>Pat cheeks with fingers and give quick, regular vibration to enhance</p>	<p>Sweep up the side line of the face.</p>	<p>Sweep up the forehead with both hands alternately.</p>
 <p>07 THESERA</p>	 <p>08 THESERA</p>	 <p>09 THESERA</p>
<p>Do the same on the other side.</p>	<p>Sweep up the forehead hard with thumbs and then move to the sides.</p>	<p>Sweep around the eyes in S shape with finger tips.</p>
 <p>10 THESERA</p>	 <p>11 THESERA</p>	 <p>11 THESERA</p>
<p>Sweep around the eyes in S shape with finger tips.</p>	<p>Sweep forehead and temples.</p>	<p>Complete the massage rubbing face and neck gently.</p>

THESERA Technique- Enhancing Skin Resilience

*Refer to THESERA L treatment video

Giving vibration to the skin is effective for tightening and enhancing skin resilience.

The effects vary according to intensity of vibration.

- Effects :**
1. Tightening skin and boosting elasticity
 2. Eliminating wastes from skin
 3. Accelerating blood and lymph circulation and relaxing muscles

Directions : Put pressure on fingertips and move to give quick, regular vibration on the skin.

Put pressure on fingertips and give quick, regular vibration to jaw and entire cheek by rubbing opposite to muscle texture.

Move to the forehead.

Do the same on the other side.

Put pressure on fingertips and give quick, regular vibration to jaw and nose by rubbing opposite to muscle texture and finish at the temples.

Precautions

THESERA L is a safe lifting program. Please read the directions to raise its effects.

▣ Warnings before treatment

Read the directions carefully and apply the products according to skin types.

For dry, sensitive skin, skin with inflammatory acne, treatment with multi amino acid or THESERA G should be done before treatment with THESERA L (1~2 times). This is to recover skin condition before applying THESERA L.

▣ Warnings during treatment

At the first step with Balance foam and Peelenser, please take a special care of them as they contain strong acid. Please apply them according to the skin types and rinse with water several times.

In case of sensitive skin, avoid excessive technique after applying Hydra Booster.

▣ Warnings after treatment

Avoid exposure to ultraviolet radiation, drinking, sauna, and excessive exercise on the day of treatment.

To enhance the effect of thread, please do not wash face, or just use water when washing face on the day of treatment. Sunscreen is necessary after treatment.

When the threads are activated in the skin, the skin needs a lot of moisture. Please use moisturizers such as Hydroglow Cell Ampoule or Hydroglow Cell Cream at home.

▣ Targets

1. People who want to lift saggy facial line
2. People worrying wrinkles around neck, forehead, nasolabial fold, etc.
3. People who want volume and elasticity
4. People who are afraid of plastic surgery and worried about downtime
